Explore STEM This Summer

What Science, Technology, Engineering and Math education activities are happening in your area this summer? Check out the youth camps and professional development opportunities below, and be sure to stay in touch with the Oregon Coast STEM Hub. We will be kicking off another exciting academic year in the fall.

Youth

Do you know students who like to build and create, explore the outdoors, and engage in hands-on learning? Check out the STEM-related camps on the coast and beyond by visiting the Summer Activities webpage on the website.

FOR EXAMPLE...

Student Shipboard Research Experience:

Three days on board the *R/V Oceanus* in September. For community college and undergraduate students; apply by **July 15** - link

White House Student Film Festival: Theme "The World I Want To Live In". For K-12 youth; submit video by July 15 - link

Think Outside the Box Challenge: Design a useful object for astronauts that expands or assembles. For K-12 youth; submit design by August 1 - link
