Ship to Shore Classroom

Next week, classrooms all along the Oregon coast will connect live with researchers at sea on the R/V *Falkor* and learn about hydrothermal vents and ocean exploration. Similarly, the *JOIDES Resolution* vessel will offer live Ship to Shore connections until February 2017. Spaces are limited. To register for one of these events, check the [Student Events](#) page on the STEM Hub website.

STEM Educator Professional Development

Introduction to ROVs

Workshop - Jan 7 in Astoria
[\[link\]](#) *Build underwater robots with your students, grades 5+.*

SeaGlide Educator

Workshop - Jan 21 in Newport
[\[link\]](#) *Build underwater gliders with your students, grades 6+.*

Picture Perfect Science 5-week class - Feb 1 to Mar 1
online [\[link\]](#) *Use picture books to meet STEM learning and ELA objectives, grades K-6.*

Flyers for these and other opportunities are on the [PD page](#) of the website.

STEM Mentor Opportunities

There are lots of opportunities for STEM Hub Partners to get involved in STEM education. Visit the [Partners pages](#) on the website for a list of events and competitions that need your expertise.

Plug In - Dec 13 in Newport
[\[link\]](#) *This information session will help STEM Professionals on the central Oregon coast learn about local K-12 STEM outreach opportunities.*
