

*Support young children's authentic interests*

# Early Childhood STEM Investigations

5-week online course for preK-2 educators

Tuesdays August 15th, 22nd, and September  
12th, 19th, 26th from 6:00pm-8:00pm PST

*Facilitated by Jennifer Thompson*

*Preschool and Elementary Division Director, NSTA*

In this course, we will identify ways to use quality materials and engaging experiences to help young children explore the world around them. This course is geared toward both in and out of school educators of children ages 3-7.

Registration and materials are free for educators in the Oregon Coast STEM Hub region.

The sessions will be held online using the Zoom videoconferencing platform. Join us!

\*1 Graduate Credit may be available at your own cost from WOU, register at 1st class.

*\*Non-coast educators are welcome as space allows; materials not included*

Register by August 10th at <https://earlychildhoodstemsummer2017.eventbrite.com>
