

Oregon Coast Renewable Energy Challenge

Wave, Wind and Solar Energy Models

For Students in Grades 3-12

Tuesday, March 6, 2018 - 8:45am - 2:15pm
Hatfield Marine Science Center - Newport, OR

Students in grades 3-12 from Oregon Coast STEM Hub school districts can bring their student-built wave energy, wind energy and solar devices to Oregon State University's Hatfield Marine Science Center to test in wave tanks, wind tunnels, and solar tracks. In addition to their renewable energy devices, teams will bring a poster and will be interviewed by engineering judges to help determine the winners for each category. The public is invited to attend and observe this exciting event!

Registration will open January 15th. For more details, visit our website at:
