

Oregon Coast STEM Hub Presents:

PICTURE A SCIENTIST

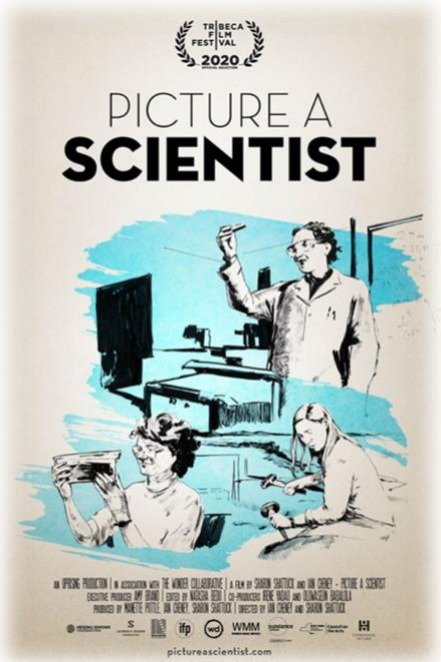

Virtual Film Screening

A FREE opportunity during STEM Week
May 9 - 15, 2021

Sign up: <https://tinyurl.com/Picture-OCSH>

Description: “PICTURE A SCIENTIST chronicles the groundswell of researchers who are writing a new chapter for women scientists. Biologist Nancy Hopkins, chemist Raychelle Burks, and geologist Jane Willenbring lead viewers on a journey deep into their own experiences in the sciences, ranging from brutal harassment to years of subtle slights. Along the way, from cramped laboratories to spectacular field stations, we encounter scientific luminaries - including social scientists, neuroscientists, and psychologists - who provide new perspectives on how to make science itself more diverse, equitable, and open to all.”

- www.pictureascientist.com

The Oregon Coast STEM Hub is excited to be able to provide a free **week-long** screening opportunity to watch the documentary PICTURE A SCIENTIST. Watch any time during between noon on May 9 and noon on May 15. Sign up to receive the link 48 hours before the screening period begins.

“This is a crucial piece of viewing that helps us to understand the extent of issues that many may not even know exist.” – The Upcoming
