

FIELD TRIP FRIDAY

TODAY'S CHALLENGES: BACKYARD FIELD TRIP & SCAVENGER HUNT

Age Group: Whole family

Materials:

- Piece of paper and something to write with
- An egg carton, paper bag, or plastic container

What do you hear?	What do you see?
What do you feel?	What do you smell?

Challenge #1: Backyard Field Trip

Use Your Senses

Take your paper and pen/pencil outside and find a place to sit quietly for 10 minutes. Spend time writing or drawing what you hear, see, feel, and smell. Then think about these questions: what have you learned about your special place that you didn't know before? Was there anything you expected to hear, smell, or see that you didn't?

Challenge #2: Scavenger Hunt

Find and collect the following items and then create a picture or collage with your items (share on social media with #STEMWeekOR):

- Something fuzzy and something rough
- Something straight and something round
- Two kinds of seeds and two pieces of man-made litter
- Two different types of leaves and something green
- Something that makes noise
- A cone, a stick, and a beautiful rock
- Other items of your choice!
