

MAKE-IT MONDAY

TODAY'S CHALLENGE: PAPER TUBE RACEWAY

Age Group: Whole family

Materials:

- Tape or other materials that can be used to attach pieces of your raceway together
- Paper tubes, paper plates, cardboard cartons
- Marbles, small balls, cars or other items that can roll through your raceway

The Challenge:

Design a structure using your materials that is either free standing or attached to a wall. This structure will be your raceway for marbles, a car, or another object of your choice.

More Ideas:

- Try building the longest raceway you can.
- Try building a raceway with curves and jumps.
- Build two or more raceways and hold a competition.
- Decorate your raceway!
